

LOVE WORKS TRIP: JR. HIGH

LOVE WORKS

TRIP DESCRIPTION

Jr. Highers will be spending four days in Puerto Penasco, Mexico investing in the local community. For this trip, we are partnering with 1Mission, a community development organization that gives people in poverty to earn a house by serving their community. Jr. Highers will spend their days on a project site building a house, spending time with locals and growing in their friendships with one another. This trip is a great next step for a Jr. Higher growing to discover an authentic faith of their own.
